### Trustees' Report

### The Role of Trustees

The Trustees' responsibilities are governed by the Trust Deed. They are required to provide for the short and long term interests of the beneficiaries and must adhere to the requirements of the Trustee Act 1956, the Commerce Act 1986 and the Electricity Industry Act 2010.

Trustees' responsibilities cover: holding the shares in Northpower Limited on behalf of the electricity consumers in the Kaipara and Whangarei Districts, receiving dividends from Northpower Ltd and distributing that income for the benefit of the consumers; commenting to the Directors on Northpower's Statement of Corporate Intent (SCI); appointing Directors of Northpower Ltd and monitoring their performance with respect to the Company's SCI; exercising the rights and responsibilities of diligent shareholders; meeting with the Directors on a regular basis to consider the performance of Northpower Ltd; and reporting annually to the Trust's beneficiaries.

Seven Trustees are elected every three years by the public of the Kaipara and Whangarei Districts to hold the shares in Northpower Ltd on behalf of the Trust's beneficiaries, who are the electricity consumers of the districts. The Northpower Electric Power Trust (NEPT) was registered in 1993. The last Trustee elections were held in November 2016 and therefore the next election for Trustees will be held in October/November 2019.

### Distribution to consumers

A distribution by the Trust of \$120 per consumer was paid in December 2018 by way of a credit to all consumer beneficiaries' electricity accounts.

Over the past year there have been discussions between the Trustees and Directors of Northpower Ltd regarding the distribution policy.

This year (from 1 April 2019) there is a policy change from receiving dividends from the Company for distribution to consumers, to a process that includes a discount from the Company to all consumers/beneficiaries connected to the Northpower electricity network, along with a smaller dividend to the Trust.

### Directorship

At each Annual General Meeting of Northpower Ltd, the company's constitution requires that one third of the Directors will retire and may seek reappointment. In July 2018 David Ballard and Mark Trigg retired by rotation. David Ballard chose not to seek reappointment, while Mark Trigg was unanimously reappointed to the Board by the Trustees. David Ballard was a Director for 19 years and during that time made an outstanding contribution to the success of the Company.

The selection and appointment of the Directors of Northpower Ltd is a crucial part of the Trustees' responsibilities. Trustees seek regular external perspectives on the performance of Northpower Directors; the results of which have confirmed that Northpower Ltd continues to be governed by an excellent Board of Directors.

### Trustees' Report

### Working with Directors

In order to fulfil their statutory obligations, Trustees meet with the Board of Directors regularly throughout the year. Matters raised include any issues that have the potential to affect the value of Northpower Ltd. Trustees receive and review interim financial reports for discussion with Directors. The relationship between the Chairman of the Trust and the Chairman of the Board of Directors is vitally important, and enables Trustees to effectively undertake the monitoring process required by the Trust Deed.

# Regulatory and industry specific issues

The Trustees work closely with the Northpower Ltd Board of Directors and Management and also through the Energy Trusts of New Zealand (ETNZ) - a body which represents the interests of electricity trusts - in order to influence regulators to provide a clear and cost effective regime that guides quality service to consumers - without imposing unnecessary additional costs.

Trustees keep abreast of regulatory and industry issues through focus meetings with industry representatives and regular contact with Directors on significant issues as they arise and via ETNZ.

### Consumer contact

Trustees are always available to discuss matters involving the Electricity Industry in general and local issues that may also affect ownership issues and responsibilities. Trustees connect with consumers/beneficiaries whenever the opportunity arises.

All Trustees are privileged to represent the electricity consumers of Northpower Ltd as beneficiaries of the Trust, and to fulfil their responsibility to act in the capacity of shareholders of Northpower Ltd.

### Financial report

The Northpower Trust 2019 financial statements are required to be consolidated with those of Northpower Ltd. The Trust's results are presented in the 'Trust' column while the 'Consolidated' column reflects the results of the Company and the Trust.

BDO Northland has completed the audit of the Trust's financial report and consumers will have the opportunity to approve the appointment of BDO Northland as the Trusts' auditors for the year ending 31 March 2020 at the 2019 AGM on 29 July 2019.

### Trustees' Statements

For the year ended 31 March 2019

The Trustees present the summary annual report of the Northpower Electric Power Trust, incorporating the summary financial statements for the year ended 31 March 2019. The full annual report and audited financial statements are available at Northpower's website: https://northpower.com/company/about-us/ownership.

#### Principal activities

The principal business of the Trust is holding shares in Northpower Limited on behalf of the consumer beneficiaries. The nature of the Trust's business has not changed during the year.

#### 1. General information

The Northpower Electric Power Trust (the Trust) was established under the terms of the trust deed dated 29 March 1993. The Trust holds the entire share capital of Northpower Limited on behalf of the power consumers within the network area served by Northpower Limited.

Northpower Limited (the Company) is a profit oriented limited liability company incorporated in New Zealand. Northpower Electric Power Trust is a tier 1 for profit entity.

Northpower Limited is formed under the Energy Companies Act 1992 and registered under the Companies Act 1993. The Northpower Electric Power Trust Group consists of The Northpower Electric Power Trust, Northpower Limited and its subsidiaries Northpower Solutions Limited, Northpower LFC2 Limited, West Coast Energy Pty Limited and Northpower Western Australia Pty Limited along with a joint venture company Northpower Fibre Limited. The Northpower Electric Power Trust is the sole shareholder of the Company.

The principal activity of the Trust is to hold shares in Northpower Limited on behalf of consumer beneficiaries. The principal activities of Northpower Limited are electricity distribution and contracting. The principal activities of its subsidiaries are as follows:

- West Coast Energy Pty Limited is based in Western Australia. It operated an electricity contracting business that was closed during the 2018 year.
- Northpower Western Australia Pty Limited is based in Western Australia. It is an intermediate holding company and operates an acoustic testing business.
- Northpower Solutions Limited operates a contracting business.
- Northpower LFC2 Limited operates a telecommunications fibre business.

#### Basis of preparation

These summary financial statements have been prepared in accordance with Financial Reporting Standard Number 43 'Summary Financial Statements'. The full financial statements have been prepared in accordance with Tier 1 For-profit Accounting Standards. They comply with New Zealand equivalents to International Financial Reporting Standards and International Financial Reporting Standards.

The presentation currency is New Zealand dollars rounded to the nearest thousand dollars (\$000).

These summary financial statements have been extracted from the full audited financial statements authorised for issue by the Trustees of the Trust on 17 July 2019. The Trust's auditors, BDO Northland, expressed an unmodified audit opinion on the 31 March 2019 full financial statements.

As the summary financial statements do not include all the disclosures that are in the full financial statements, they cannot be expected to provide a complete understanding as produced by the full financial statements. This understanding can only be obtained by reference to the full audited financial statements, which are available at Northpower's website: northpower.com/company/about-us/ownership

#### New accounting standards and interpretations

The financial statements have been prepared using accounting policies that are consistent with those of the previous financial year except for the first time application of NZ IFRS 15 Revenue from Contracts with Customers.

NZ IFRS 15 supersedes NZ IAS 11 Construction Contracts, NZ IAS 18 Revenue and related interpretations and it applies, with limited exceptions, to all revenue arising from contracts with its customers. NZ IFRS 15 establishes a five-step model to account for revenue arising from contracts with customers and requires revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

NZ IFRS 15 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. In addition, the standard requires extensive disclosures.

## 11

For the year ended 31 March 2019

The Group has applied the modified retrospective method of adoption with the date of initial application of 1 April 2018. Under this method, the standard can be applied either to all contracts at the date of initial application or only to contracts that are not completed at this date. The Group elected to apply the standard to all contracts that were not complete at 1 April 2018. Application of the standard has not had a significant effect on the recognition of revenue however has resulted in changes to the Group's disclosures. In accordance with the modified retrospective method of adoption, the comparative amounts and disclosures are as reported last year and have not been amended for the new NZ IFRS 15 requirements.

#### 2. Revenue

The current year revenue disclosures are as required by NZ IFRS 15, adopted 1 April 2018. The Group has adopted the modified retrospective transition approach and accordingly the comparatives are as reported in the prior year financial statements. Current year revenue is disclosed in note 2(a) and 2(b), while the comparatives are in note 2(b) and 2(c).

#### a. Revenue from contracts with customers

#### i. Electricity distribution revenue

The performance obligation is satisfied over time with the delivery of electricity and payment is generally due within 20 to 45 days from delivery. The Group adopts a practical expedient allowed by NZ IFRS 15 and recognises electricity distribution revenue when the right to invoice arises.

#### ii. Line contributions

Line contribution revenue represents third party contributions towards the construction of distribution system assets. Revenue is recognised in profit or loss when the asset is complete.

#### iii. Metering revenue

The performance obligation is satisfied on reading of end consumer electricity metering equipment, and revenue is recognised over time. Payment is generally due within 20 to 45 days from delivery.

#### iv. Electricity Generation

The Group owns and operates an electricity power station at Wairua, Northland. The performance obligation of the supply of generated electricity is satisfied over time and pricing is based on the final electricity industry spot price, as defined by the Electricity Industry Participation Code. Payment is generally due within 20 - 45 days from supply of the electricity.

#### v. Fibre telecommunications services

The performance obligation is satisfied over time with the provision of fibre internet connectivity and payment is generally due within 20 to 45 days from provision of the service. Revenue is recognised as the service is provided.

#### vi. Contracting revenue - electricity industry

The contracting division provides maintenance and construction services under fixed-price and variable price contracts. Revenue from these services is recognised in the accounting period in which the services are rendered. For fixed-priced contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided because the customer receives and uses the benefits simultaneously. This is determined based on the actual costs incurred relative to the total expected costs.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

#### vii. Contracting revenue - fibre telecommunications industry

The fibre division provides maintenance and connection services under fixed-price contracts to its Joint Venture company Northpower Fibre Limited. Revenue related to services to connect end users to the fibre network is recognised when the connection is complete. Revenue for maintenance services is recognised in the accounting period in which the services are rendered because the customer receives and uses the benefits simultaneously.

Revenue of \$13 million was included in contract liabilities at the end of the previous financial year.

#### b. Other income

#### i. Interest income

Interest income is recognised using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

#### ii. Dividends

Dividend income is recognised when the Group's right to receive payment is established, which is generally when the shareholders approve the dividend.

	CONSO	LIDATED	TR	UST
	2019 \$000s	2018 \$000s	2019 \$000s	2018 \$000s

Sundry income	1,802	500	-	-
	2,517	1,218	1,659	-

For the year ended 31 March 2019

The Trust receives an annual dividend from Northpower Limited. The amount of this dividend has decreased significantly between years on the basis that a fixed lines discount will be paid by the Company for the year ended 31 March 2020.

#### c. Revenue

The disclosures below relate to the comparative year, prior to the adoption of NZ IFRS 15 Revenue from Contracts with Customers.

Revenue is recognised and measured at fair value of the consideration received or receivable to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

#### i. Line charges

Line charges revenue represents income generated from the distribution of electricity to consumers. Revenue is measured at the fair value of the consideration received or receivable.

#### ii. Line Contributions

Line contribution revenue represents third party contributions towards the construction of distribution system assets. Revenue is recognised in the comprehensive income statement to reflect the percentage of completion of the construction of the related items. Contributions received in excess of those recognised in the comprehensive income statement are recognised as deferred income in the balance sheet.

#### iii. Interest income

Interest income is recognised using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

#### iv. Construction contracts

Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at balance date, as measured by the proportion that contract costs for work performed to date bear to the total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentive payments are incurred to the extent that they have been agreed with the customer.

Where the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

#### v. Dividends

Dividend income is recognised when the Group's right to receive payment is established, which is generally when the shareholders approve the dividend.

	-	325,145	-	8,099

Revenue associated with discontinued activities is disclosed in note 7 of the full financial statements.

For the year ended 31 March 2019

#### 3. Discontinued operations

#### West Coast Energy

During the year ended 31 March 2017 it became apparent that the Group was unable to make a sustainable profit from key contracts held by West Coast Energy Pty Limited and as a result in December 2016 a decision was made to close the business. The results of the discontinued operations included in the profit for the comparative year in these financial statements includes the West Coast Energy's business trading up until closure (20 June 2017) and the wash up of the closure provisions.

#### 4. Property, Plant and Equipment Revaluations

#### a. Property, Plant and Equipment Revaluation Reserve

The property, plant and equipment revaluation reserve is used to record the increments and decrements in the fair value of property, plant and equipment identified as being carried at valuation. A revaluation adjustment of \$25.8m was recognised during 2019 (2018: nil). This was made up of a decrease in the distribution system assets of \$29.3m and an increase in land and buildings of \$3.5m.

#### b. Revaluation of distribution system

The Group engaged PriceWaterhouseCoopers, an independent registered valuer, to determine the fair value of its distribution system assets as at 31 March 2019. As the fair value of the assets was not able to be reliably determined using market-based evidence, the valuation was prepared using a discounted cash flow methodology.

The key inputs used in the valuation included the forecast of future line charges, volumes, projected operational and capital expenditures growth rates and discount rate. A sensitivity analysis of the major inputs used in the valuation is discussed in detail in note 2 of the full financial statements.

The valuers estimated a range of values attributable to the Group's distribution system assets was between \$249.1 million and \$270.9 million as at 31 March 2019. The carrying value of the distribution system was higher than the valuation and accordingly a valuation adjustment was recognised to reduce the carrying value to the mid point of the valuation. The valuation adjustment of \$29.3m is recognised in other comprehensive income. The main drivers of the valuation decrease were the decision to commit a revenue discount for the 31 March 2020 year and a change in expectation of returns on assets expected over the forecast period. The revised returns better align to the expected regulatory return on assets set by the Commerce Commission for electricity distribution businesses.

#### c. Revaluation of land and buildings

The Group engaged AON Risk Solutions, a registered independent valuer, to determine the fair value of its land and buildings as at 31 March 2019. Fair value is determined by direct reference to recent market transactions on arm's length terms. Fair value is assessed with reference to the "highest & best use" being defined as "the most probable use of an asset that is physically possible, appropriately justified, legally permissible, financially feasible and results in the highest value". As at 31 March 2019, the fair value of the land and buildings amounted to \$10.8 million and \$10.2 million, respectively. This resulted in a valuation uplift of \$3.5m being recognised in the other comprehensive income.

The valuation of land and buildings was carried out in accordance with International Valuation Standards. To establish the valuation of properties, the valuers used a combination of income capitalisation, market comparison and depreciated replacement cost approaches.

For the year ended 31 March 2019

#### 5. Guarantees and Contingencies

	CONSOLIDATED		TRUST	
	2019 \$000s	2018 \$000s	2019 \$000s	2018 \$000s
Performance bonds in relation to contract work	30,999	30,199	-	-
Guarantee for leased premises	-	1,026	-	-
	30,999	31,225	-	

Performance bonds relate to guarantees given to customers to guarantee completion of contracting work both in New Zealand and Australia. No liability was recognised in relation to the above guarantees as the fair value is considered immaterial.

Northpower is a participant in the DBP Contributors Scheme (the scheme) which is a multi-employer defined benefit scheme operated by National Provident Fund. If the other participating employers ceased to participate in the scheme, Northpower could be responsible for the entire deficit of the scheme. Similarly, if a number of employers ceased to participate in the scheme, Northpower could be responsible for an increased share of the deficit.

#### 6. Commitment

#### As lessee in operating leases

The Group leases property, plant & equipment in the normal course of business. The future aggregate minimum lease payments payable under non-cancellable operating leases are as follows:

	CONSOLIDATED		TRUST

After one year but not more than five years	115	50	-	-
More than five years	93	-	-	-
Total non-cancellable operating leases	258	71	-	-
No contingent rents have been recognised during the period.				
Capital commitments contracted for at balance sheet date	2,575	573	-	-

Northpower is a party to certain options contracts which, when exercised, will require Northpower to purchase A shares in Northpower Fibre Limited from Crown Infrastructure Partners Limited. As at balance date, the exercise of these options is considered to be unlikely since the conditions that trigger them have not been met. Furthermore, the value of these options is assessed to be not significant since its exercise price is equivalent to the market price on exercise date.

## Annual Plan

The Northpower Electric Power Trust (the Trust) was established in 1993 as a **Consumer Trust** in accordance with the Northpower Establishment Plan. This Plan was developed with extensive public consultation as required by Section 18 of the Energy Companies Act 1992.

The Objective of the Trust is to hold the shares in Northpower Ltd on behalf of the consumers of the Kaipara and Whangarei Districts.

There are seven Trustees (two from Kaipara and five from Whangarei) who are elected every three years following the Local Body elections.

The Trustees are required by the Trust Deed and law to:

- a) Encourage and facilitate Northpower Ltd to operate as a successful business.
- b) Distribute to consumers in their capacity as owners, the benefits of ownership of the shares of Northpower Ltd.
- c) Appoint Directors to Northpower Ltd as provided for in the Northpower Ltd constitution.
- d) Act as a diligent shareholder and monitor the performance of the Directors.

Trustees are specifically prohibited from participating in the management or operation of Northpower Ltd. In carrying out their responsibilities in accordance with the Trust Deed and the law, the Trustees will specifically:

#### 1. Protect the value of the Trust assets and act as prudent Trustees

- 1.1. Seek a fair commercial return from the Trust investment in Northpower Ltd.
- 1.2. Seek to minimise the risk of the Trust investments in Northpower Ltd.
- 1.3. Manage cash assets including dividends received in a way that maximises the benefit to Trust beneficiaries.

#### 2. Northpower Limited

- 2.1. Exercise the rights and responsibilities of diligent shareholders in Northpower Ltd for the benefit of the Trust Fund and with due regard to the objective of Northpower Ltd to be a successful business. In doing so, take proper account of the growth of Northpower and the impact of the changing economy.
- 2.2. Advertise publicly that Trustees seek prospective directors for Northpower Ltd in accordance with clause 9.1 of the Trust Deed and the Constitution of the Company.
- 2.3. Appoint directors to fill any vacancies in accordance with the provisions of the Trust Deed and the Company's Constitution.
- 2.4. Monitor the performance of Directors.
- 2.5. Agree on the Northpower Statement of Corporate Intent with the directors of Northpower Ltd and make the completed Statement of Corporate Intent available to the public.
  - 2.5.1. As 100% owners of Northpower Ltd, although specifically prohibited from participating in the management of Northpower Ltd, the Trustees may be ultimately responsible for some of the company's actions.

The Trustees will require, through the Statement of Corporate Intent, as well as achievement of specific targets for financial and operational performance, assurances from the Directors that effective measures are in place to avoid or minimise financial, operational, and health and safety risks.

- 2.6. Meet with the Board or its representatives of Northpower Ltd at least four times a year to consider the performance of Northpower Ltd in relation to the Statement of Corporate Intent and other matters of ownership.
- 2.7. Attend the Annual Meeting of Northpower Ltd and exercise the rights and responsibilities of shareholders at that meeting and at any other general meeting of the company.

## Annual Plan

#### 3. Income

- 3.1. Receive dividends from Northpower Ltd.
- 3.2. Hold and invest dividends from Northpower Ltd for at least six months before distribution to satisfy clause 5.3 of the Trust Deed.
- 3.3. To manage all remaining income received from Northpower Ltd for the benefit of consumers as provided in the Trust Deed.
- 3.4. The Trustees have reached agreement with the Northpower Ltd Directors to implement a new discount policy commencing in the 2019-2020 year. Consumers will receive a discount on their electric lines charges in November or December in place of the Trust distribution that has been made in the past. This will reduce the dividend paid to the Trust but increase the benefit to most consumers.

#### 4. Chairperson

The Trustees have elected Erc Angelo as Chairperson in accordance with the Trust Deed for a three year term ending in November 2019.

#### 5. Deputy Chairperson

The trustees have elected Richard Drake in accordance with the Trust Deed for a three year term ending in November 2019.

#### 6. Secretary

The Trustees have appointed Plus Chartered Accountants to provide secretarial and accounting services to the Trust.

#### 7. Security of electricity supply

#### Transmission and generation

The Trust will cooperate with the company and with ETNZ to encourage appropriate grid and network improvements and adequate generation capacity to service Northpower Ltd consumers' needs.

#### 8. ETNZ

The Trust is a member of the Energy Trusts of New Zealand Inc. The Trust will seek efficiency in the ETNZ in its objectives of facilitating the operations of Energy Trusts as significant owners of Energy Companies and in supporting trusteeship of Energy Trusts.

#### 9. Communication

The Trust will inform consumers of its activities through the news media and through newsletters as appropriate.

Information and Trust reports can be found in the ownership section of Northpower's website https://northpower.com/company/about-us/ownership. The Trust will also maintain a free call telephone number 0800 434 100 and an email address trustees@northpower.com for the benefit of consumers who wish to contact the Trust. The postal address is P O Box 1609, Whangarei.

#### 10. Code of practice

The Trust has developed and published a 'Code of Practice' that describes the way Trustees will provide accountability to, and access to information for the Trust's beneficiaries. This was first presented for confirmation at the AGM in July 2003, and will be reviewed at each AGM.

#### 11. Trustee manual

Trustees have developed a manual to guide trustees and the secretariat in the governance and administration of the Trust in accordance with the Trust deed the Northpower Establishment Plan, and the legislation.

The Manual records the various legislation that affects energy trusts and some legal advice that provides assistance in understanding the responsibilities of the Trustees.

#### 12. Election of Trustees

As required by the Deed of Trust, the Trust will be holding an election on 23rd November 2019 by postal ballot and with an online voting option.

The Trustees have contracted Independent Election Services Ltd to undertake the election.

### Code of Practice

The Northpower Electric Power Trust will seek to achieve "Best Practice" in all its activities. Trustees and officers of the Trust will fulfill all their obligations under the Trust Deed and the law.

#### Purpose of the Trust:

The Northpower Electric Power Trust is established to hold all the shares in Northpower Ltd. [the Company], to appoint Directors to the Company, to agree each year on a Statement of Corporate Intent with the Company, to receive any dividends from the Company and to distribute any income received to the beneficiaries of the Trust in accordance with the Trust Deed or to reinvest it in the Company.

#### Operation of the Trust:

The Trustees meet as required, usually monthly, to deal with Trust business that may include: Correspondence and beneficiary enquiries, finance, monitoring the performance of Northpower Ltd Directors and the company's performance against the Statement of Corporate intent, dividends and distributions as they arise, ownership and legislative issues, liaison with the Electricity Trusts of New Zealand, any other matters affecting the Trust.

#### Beneficiaries:

A legal description of the beneficiaries is contained in the Trust Deed, but they can generally be described as consumers who at any time designated by the Trustees, are persons named in the records of the Company as persons whose premises are connected to the Company's distribution network.

#### Entitlement to Information:

Trustees will make available to the public any completed Statement of Corporate Intent and the audited Annual Financial Statements of Account of the Trust.

In addition, the Trustees will each year prepare an Annual Plan describing the intended actions of the Trust for the ensuing year and an Annual Report that describes the activities of the Trust in the last financial year, assesses the performance of the Trust against the last year's Annual Plan, and reports the performance of the Company in meeting the targets of the Statement of Corporate intent.

Trustees will ensure that beneficiaries are able to receive in a timely manner, the above information and any other information that they are legally entitled to under the Trustee Act 1956, the Northpower Electric Power Trust Deed, and any other rule of law.

Trustees will also from time to time as appropriate, provide general information about the Trust and its activities to beneficiaries through the news media, newsletters, or other media.

## Code of Practice

#### Procedures for Requesting Information:

Beneficiaries may seek information from the Trust by:

- a. A telephone request through the Trust's free call telephone number 0800 434 100.
- b. Writing to the Secretary of the Trust at P.O. Box 1609, Whangarei.

Every request by a beneficiary for information shall be dealt with promptly and in a courteous businesslike manner.

All information that a beneficiary is entitled to will be made available for inspection on the Trust's web pages, at the office of the Trust or such other place that the Trust determines during ordinary office hours free of charge.

Copies of any documents that a beneficiary is legally entitled to will be made available for purchase at a reasonable price.

Any beneficiary may seek a review of the way a request for information has been dealt with by making a formal request for review in writing to the Secretary of the Trust.

Any request for review will be recorded and will be placed before the next meeting of Trustees for consideration and a formal response to the beneficiary.

The Annual Report will record the number of reviews sought and the way they have been determined.

#### Annual Meeting:

The Trust will, within four months of the end of each Financial Year, hold an Annual Meeting in the District, that is open to the public in accordance with the Trust Deed.

The Trustees will publish a notice of the Annual Meeting in the news section of at least two separate editions of the *Northern Advocate, Whangarei Report, The Kaipara Lifestyler* and *The Leader.* 

The first notification will be published not less than 14 days before the Annual Meeting and will include advice:

- · That financial statements have been prepared and audited and are available to the public
- · Of where copies are available.
- That a quorum at the Annual Meeting is 20 beneficiaries
- That every beneficiary has a vote

#### Rights of Review of Acts and Decisions of Trustees:

Trustees will report to the Annual Meeting on the way in which requests for review have been dealt with and on any unresolved requests for review.

#### Review of Code of Practice:

Trustees will review this Code of Practice each year and will provide an opportunity for beneficiaries to comment on it during each "Ownership Review". Ownership reviews must be held at intervals of no more than five years.
